## CHASE<sup>2</sup>HEPTA

### XNHU 09 Wiper Insert Design Upgrade

#### KEY POINT

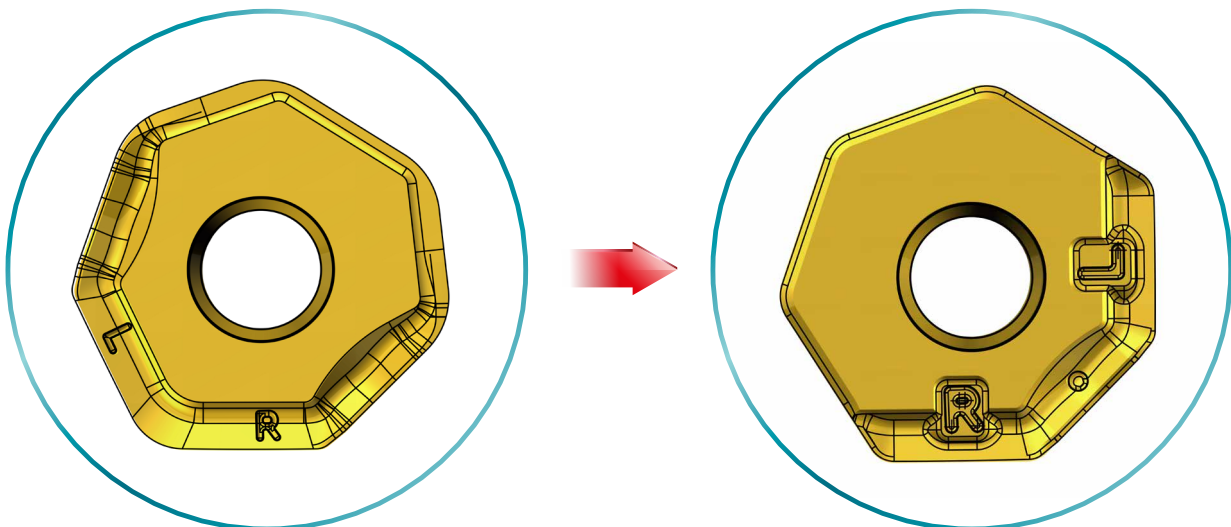

TaeguTec's XNHU 09 milling wiper insert design has been upgraded.

Following the introduction of the CHASE-2-HEPTA's cutter pocket shape change (MNL 2020-06), TaeguTec has modified the design of the XNHU 09 wiper insert.

The insert is compatible with three cutter types; screw clamp, screw clamp with shim and wedge clamp.

Refer to the images below for the upgraded insert design.

The upgraded XNHU 09 wiper insert will be supplied after the current stock is phased out. For more information, please contact the product manager.

Sincerely,  
TaeguTec
